

SENATE OF THE PARLIAMENT OF THE CZECH REPUBLIC

---

15TH TERM

---

363<sup>rd</sup>

RESOLUTION OF THE SENATE

Delivered on the 20<sup>th</sup> session held on 11<sup>th</sup> February 2026

**on the Proposal for a Regulation of the European parliament and of the Council amending Regulations (EU) 2024/1689 and (EU) 2018/1139 as regards the simplification of the implementation of harmonised rules on artificial intelligence (Digital Omnibus on AI) /Senate Print no. N 122/15, COM (2025) 836/**

**The Senate**

**I.**

1. **Has taken note** of the proposal to simplify EU law in the field of artificial intelligence;
2. **Agrees** with the government's position, which supports most of the proposed changes and the postponement of the effectiveness of certain provisions, but emphasises the need to maintain protection standards and focus on administrative simplification and legal clarification;
3. **Also agrees with the government** that the proposed removal of the requirement to register certain artificial intelligence systems based on the provider's own assessment is open to abuse and could undermine the effectiveness of supervision of compliance with the regulation, and therefore, in agreement with the government, prefers instead to simplify the registration process as a whole;
4. **Points** out that some of the proposed changes are vaguely worded and could lead to a reduction in the liability of providers and entities implementing artificial intelligence systems (e.g. weakening the obligation of these entities to ensure AI literacy among their employees and other persons working with these systems on their behalf, to which the Commission attributes most of the savings to be achieved by the proposal);

**II.**

1. **Requests the Government** to inform the Senate no later than on 30 September 2026 about the way this Resolution was taken into account, and about the further development of negotiations;
2. **Authorises** the President of the Senate to forward this Resolution to the European Commission.
